ALABAMA NATIONAL TRUST

REPORT OF THE TRUSTEES

FOR THE YEAR ENDING DECEMBER 31, 1917

FORT VIEW

MOBILE, ALA.

REPRODUCED FROM THE ORIGINAL REPORT - 1917-18

REPORT OF THE TRUSTEES

FOR THE YEAR ENDING DECEMBER 31, 1917

विषयवस्तु  
CONTENTS

| Section No. | विवरण<br>DESCRIPTION   | पृष्ठ नं.<br>Page No. |
|-------------|--|-----------------------|
| 1.1         | Performance indicators at a glance                               | 1                     |
| 1.2         | Salient features of performance                                  | 2                     |
| 1.3         | Significant Performance  | 2                     |
| 1.4         | Achievements   | 2                     |
| 1.5         | Principal commodity wise traffic vis-à-vis targets               | 3                     |
| 1.6         | Commodity group-wise OSBD  | 3                     |
| 1.7         | Highest ship berthday output (OSBD) achieved                     | 3                     |
| 1.8         | Performance of ore handling complex (receiving system)           | 4                     |
| 1.9         | Performance of ore handling complex (shipping system)            | 5 - 7                 |
| 1.10        | Commodity-wise traffic during past 5 years                       | 8 - 12                |
| 1.11        | Stevedore-wise hook output rates (Imports)                       | 13 - 15               |
| 1.12        | Stevedore-wise / hook output rates (Exports)                     | 16 - 17               |
| 1.13        | Stevedore-wise / Commodity-wise traffic handled                  | 18 - 23               |
| 1.14        | Cargo throughput by major exporters                              | 24 - 25               |
| 1.15        | Cargo throughput by major importers                              | 26 - 36               |
| 1.16        | Commodity-wise physical efficiency parameters                    | 37 - 38               |
| 1.17        | Details of pre-berthing and commodity-wise no. of vessels sailed | 39 - 40               |
| 1.18        | Average parcel and average size of vessels sailed                | 41 - 42               |
| 1.19        | Berth occupancy  | 43                    |
| 1.20        | Berth-wise traffic ( exports, imports & transshipment )          | 44                    |
| 1.20.1      | Berth-wise / Commodity-wise traffic (Exports)                    | 45 - 47               |
| 1.20.2      | Berth-wise / Commodity-wise traffic (Imports)                    | 48 - 54               |
