Sub: Proposed for collection of advance amount in respect of wagons loaded / unloaded at the Port Terminal – Implementation with effect from 1-3-2009 – reg.

* * *

Of late, it is observed that most of the Port Rail users are defaulting payment for the Port Railway services availed by them, resulting in accrual of huge outstanding dues. In order to avoid accumulation of the outstanding dues, it is decided to collect the Railway Charges viz. Haulage Charges, Terminal Charges etc. in advance i.e., at the time of payment of Railway freight in respect of trains loaded at the Port and prior to completion of unloading in respect of trains unloaded at the Port.

The above system will be effective from 1-3-2009, In view of the above, all the Port Rail users are requested to note and act accordingly.
