

VISAKHAPATNAM PORT TRUST  
TRAFFIC DEPARTMENT

\*\*\*

NO. ITRA/REV/FCCM

Dt. 05.12.2020.

CIRCULAR NO. 1329

Sub: Digging of ground near Railway track - Removal of cargo Stack by the side of Railway lines by plot holders - Reg.

\*\*\*

During inspection taken by the VPT Authorities it was observed that Importers / Exporters / Stevedores are excavating their cargo in the plots allotted to them by using JCB/Excavator, while doing so they are digging two to three feet deep from ground level / railway track level which is causing settlement of railway tracks / derailments and inundation of the area during rainfall.

In view of the above, Trade is requested to ensure that any cargo stacked adjacent to Railway lines should be evacuated only upto ground level or to the level of railway track and under no circumstances digging of cargo will be allowed below the track / ground level.

The above is to be strictly adhered to with immediate effect.

  
5/12/20
