

**VISAKHAPATNAM PORT TRUST
MARINE DEPARTMENT**

Visakhapatnam Port Trust intends to procure 3000 Ltrs. Oil Spill Dispersant (OSD) with following Specifications.

1. Oil Spill Dispersant which functions as both concentrate and diluted foam Type-2 & 3 combined shall be supplied in 200 ltrs barrel packing of non-corrosive material.
2. The dispersant shall be highly effective, less toxic and should not increase the toxicity of oil it is added to. The OSD shall also be free of hydrocarbon solvents and safe for personnel handling the product and shall not pose any health hazard.
3. The OSD shall meet the specifications criteria promulgated by the National Oil Spill Dispersant Guidelines issued by the India Coast Guard from time to time.
4. The product i.e OSD must be certified by National Institute of Oceanography, Goa
5. Should be supplied along with material safety data sheet.
6. Shelf life must be minimum 05 years from the date of supply.

In this connection kindly arrange to send the closed cover budgetary quotation and MSDS for Oil Spill dispersant (OSD) confirming to the above said technical specification at the earliest, so as to reach this office on or before 1600 hours on 30.12.2021.

Please note that this is only a budgetary enquiry and there is no financial commitment either side at this stage.

Thanking you

Dy. Conservator
