CHAPTER-1

INTRODUCTION

1.1 Please through light on the background of this hand-book
(Right to Information Act, 2005)

This hand-book is prepared in consonance with the Right to Information Act, 2005.

1.2 Objective / purpose of this hand-book

The objective of the book is to provide the citizens a direction to secure access to information under the control of Visakhapatnam Port Trust to promote transparency and accountability in its working.

1.3 Who are the intended users of this hand-book?

Any citizen who is interested in the development of the Visakhapatnam Port.

1.4 Organisation of the information in this hand-book.

The information in the hand-book is organized into 18 chapters as per the index.

1.5 Definitions (Please provide definitions of various terms used in the hand book)

a.Port Traffic/Cargo handled:

Cargo handled is the total of cargo loaded , unloaded and transshipped during the year from 1st of April to 31st March next.

b.Pre-berthing detention/waiting time:

Time taken by a ship from its arrival at the anchorage(reporting station) till it starts its movement to the berth.

c.Turn round time:

The total time spent by a vessel at the port from its arrival at reporting station till its departure from the reporting station for onward journey.

d. Output per ship berth day:

Average rate of loading/unloading of cargoes per day of 24 hours.

e. Abbreviations used:

CE –Chief Engineer	C.M.E. –Chief Mechanical Engineer
F.A & C.A.O. : Financial Adviser & Chief Accounts Officer	H.R.D.C.- Human Resource Development Center
D.C. –Deputy Conservator	C.V.O. –Chief Vigilance Officer
T.M. –Traffic Manager	H.O.D –Head of the Department
C.M.O. –Chief Medical Officer	C.M.M- Chief Materials Manager
Dy.- Deputy	Asst.- Assistant
A.O.B.- Administrative Office Building	A I&PRO –Assistant Information and Public Relations Officer

1.6 Contact person in case some body wants to get more information on topics covered in the hand-book as well as other information, procedure and fee structure.

1.6.1 : Names and phone numbers of Public Information Officers are given vide chapter- 8 of this manual.

1.6.2 : A request for obtaining information under sub-section (1) of section-6 of the R.I. Act, 2005 shall be accompanied by an application as per format (Annexure - A) and payment of fee of Rs.10/- by way of cash against proper receipt or by demand draft or bankers cheque payable in favour of FA&CAO/VPT.

1.6.3

: The Public Information Officer is not bound to provide the information sought: (A) if disclosure thereof would –

- (i) Prejudicially affect the sovereignty and integrity of India;
 - (ii) Prejudicially affect the security, strategic, scientific or economic interests of India;
 - (iii) Prejudicially affect the relation with a foreign country;
 - (iv) Lead to incitement of an offence; or
 - (v) Cause a breach of privilege of Parliament or the State Legislature; (vi) Harm the competent position of a third party;
 - (vii) Endanger the life or physical safety of any person or identify the source of information or assistance given in confidence for law enforcement or security purposes; or
 - (viii) Involve an infringement of copyright subsisting in a person, other than the State.
- (B) if the same has been expressly forbidden to be published by any court of law or tribunal or the disclosure thereof may constitute contempt of court.
- (C) if the same was received in confidence from a foreign government.

- (D) if the same pertains to policy proposals, including records of deliberations of the Board of Trustees, Heads of Departments and other officers, provided that the decisions of Board of Trustees, etc., the reasons thereof, and the material on the basis of which the decisions were taken shall be made public after the decision has been taken, and the matter is complete or over.
- (E) if the same relates to personal information, the disclosure of which has no relationship to any public activity or interest, or would cause unwarranted invasion of the privacy of an individual.
- (E) if the same pertains to any occurrence, event or matter which has taken place twenty years before the date on which the application was made.

1.6.4 : The Public Information Officer shall also assess as to whether the information sought -

- (i) is held by another public authority; or
- (ii) is more closely connected with the functions of another public authority;
- (iii) relate to or has been supplied by a third party, who has treated it as confidential.

In case of (i) & (ii) at Para 1.6.4 above, the Public Information Officer shall transfer the application to the concerned public authority and inform the applicant about such transfer within 5 days of receipt of the application, as per format at Annexure B.

In case of (iii) at Para. 1.6.4 above, the Public Information Officer shall give a written notice to such third party, within 5 days of receipt of the application, of the request and invite him to make a submission, as regards disclosure of the information sought. The Public Information Officer shall consider the submission, if any, made by that third party within 10 days of issue of the notice, before taking a decision about disclosure of the information to the applicant.

The Public Information Officer shall, subject to the above, call and compile the requisite information as expeditiously as possible or reject the request for the reasons specified above.

1.6.5 :For providing information, the fee shall be charged by way of cash against proper receipt or by demand draft or by bankers cheque payable to the FA&CAO/VPT at the following rates:

- (a) rupees two for each page (in A-4 or A-3 size paper) created or copied;
- (b) actual charge or cost price of a copy in larger size paper;
- (c) actual cost or price for samples or models;
- (d) rupees fifty per diskette or floppy/CD; for information provided in diskette or floppy/CD,

- (e) for information provided in printed form at the price fixed for such publication or rupees two per page of photocopy for extracts from the publication; and
- (f) for inspection of records, no fee for the first hour; and a fee of rupees five for each fifteen minutes or fraction thereof, thereafter.
- (g) Postal charges of Rs.50/- (Rupees Fifty only) upto 200 grams for outside Visakhapatnam and Rs.20/- (Rupees Twenty only) for local dispatch shall be charged extra for sending the information by post.

The Public Information Officer shall send intimation to the applicant in the format given in „Annexure C informing him of the amount of further fees for the supply of information

On receipt of the further fees, the Public Information Officer shall furnish intimation to the applicant at an early date and in any case within thirty days of receipt of the application. However, the period intervening between the issue of the communication referred above and receipt of the further fees shall be excluded for the purpose of calculating the period of thirty days.

First appeal against the decisions of the Public Information Officer shall lie with the Chairman, Visakhapatnam Port Trust, who shall decide the same within 30 days of receipt thereof.

The first appeal shall be made on plain paper in the format as at Annexure „D. Every order passed by the appellate authority shall be communicated to the applicant as well as to the concerned Public Information Officer against whose order the appeal was preferred.

Every Public Information Officer shall maintain a register, in the format given in Annexure „E, in respect of the applications received for seeking the information under the Right to Information Act, 2005.

CHAPTER.2

PARTICULARS OF ORGANISATION, FUNCTIONS AND DUTIES

Mission / Vision of the Port of Visakhapatnam

- To provide cost effective services to the customer with greater concern on quality.
- To be customer friendly port.

Brief history of the Port of Visakhapatnam

The need for development of a port in this natural bay was spelt by the British Rulers as far back as 1858 and the first detailed report 'Vizag the Port of Central Provinces' was published in 1877. This proposal however, was temporarily frozen due to the advent of the first world war. It was only in 1914 that the proposal for construction of harbour at Visakhapatnam was initiated by the then Bengal Nagpur Railways. During 1922, Bengal Nagpur railway revived the proposal of Col. H. Cartwright Reid of British Admiralty for construction of an Inner Harbour. The actual construction commenced in 1927 and the port, which was only a roadstead port till then, was opened to ocean traffic on 7th October, 1933 with the arrival of a passenger ship S.S. JALADURGA. The Port was formally inaugurated by his excellency Lord Willingdon, the then Viceroy and Governor General of India on 19th Dec. 1933.

The Port was constructed at a cost of Rs.3.78 crores and when it was opened, the port had 3 berths viz., EQ.1, EQ.2, EQ.3 with initial throughput of 1.3 lakh tonnes in 1933.

Facilities

At present the Port has two harbours – Inner harbour and Outer harbour. The Inner harbour has 15 multi-commodity berths, (including two berths built on BOT basis) two Oil berths and one captive berth for fertilizers and fertilizer raw-materials to cater to ships upto 45,000 DWT. Outer harbour has 6 berths to accommodate vessels upto 150,000 DWT vessels. The container terminal in the outer harbour with a dredged depth of 16.5 mtrs. can accommodate post panamax main line vessels upto 14.5 mtrs draft. Container handling facilities were developed on BOT basis by M/s. Visakha Container Terminal Pvt. Ltd., - SPV instituted by United India Liner Agency and Dubai Port a JV between J.M.Baxi & Co. The Port has mechanized facilities to load iron ore, Alumina, soya extracts and to discharge crude oil, petroleum products, fertilizers, raw-materials, caustic soda and other liquid cargoes as shown below.

MECHANIZED FACILITIES –PRESENT STATUS

NAME OF CARGO

DETAILS OF MECHANIZED FACILITIES

Iron Ore & Pellets	Mechanised ore handling plant consisting of ship loader 8000 TPH capacity Three bucket wheel reclaimers Three tippers, three stackers, conveyor system of about 9 k.m.(one way)
Alumina	Shiploader with a capacity 2200 T/hour and three Silos (owned operated and maintained by M/s.NALCO) Mechanized wagon unloading system to unload Alumina from wagons @ 1100 TPH
Crude Oil	Three unloading arms with discharge capacity of 5500 tonnes per hour
Transshipment of Crude oil	Direct discharge from ship to ship at one of the oil moorings
Fertilizer and fertilizer raw-materials	Rail mounted ship (grab) unloader of 600 TPH designed capacity (Owned, operated & maintained by M/s.CFL)
Import and Export of Petroleum products	Two oil berths equipped with pipe line facilities connecting the storage tanks of the refinery
Caustic Soda	Direct discharge through pipeline @ 600 TPH in case of caustic soda and three sylos of 10000 T capacity each.
Liquid Ammonia and Phosphoric acid Sulphuric acid, Styrene Monomer, Molten Sulphur etc.	Direct discharge facilities through pipeline

Growth

The port which started with a traffic of 1.3 lakh tonnes in 1933 has made rapid strides to attain 50 million tonnes mark in 2004-05. The has been the top ranking port of the country for the past five years in succession. The port has acquired the unique distinction as the lone Indian Port to have three International accreditations viz., ISO14001 : 1996 for Environment Management System,

OHSAS : 18001 (Occupational Health and Safety Assessment System) and ISO 9001 : 2000 for Quality Management System.

ISPS Compliant Port

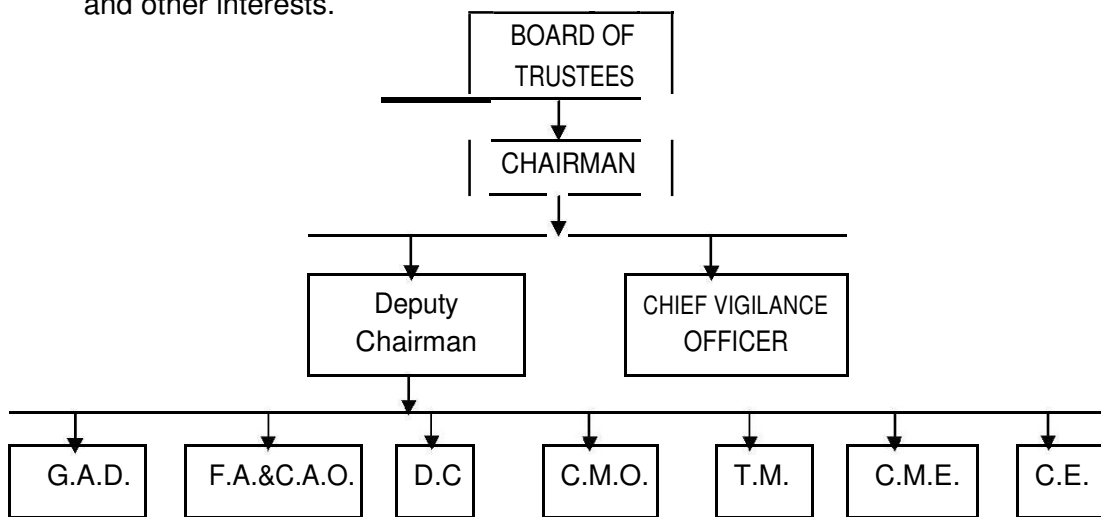

Main activities / functions of the Port of Visakhapatnam

- Conservancy / maintenance of entire Port works
- Pilotage of vessels to and from Port
- Berthing and un-berthing of vessels
- Loading and unloading of cargo into and from vessels
- Embarkation and disembarkation of passengers and services connected with Passenger Terminal
- Provision of infrastructure facilities like various type of cargo handling equipment, stacking area (both covered and open). Road and Railway network etc.,

- Mechanized tipping and stacking and mechanized loading of iron ore and pellets through ore handling plant
- Acts as a terminal agent for Indian railway by performing services connected with movement of goods by railway wagons from/to Port (including supply of locomotives)
- Arrangements for supply of bunker and fresh water to vessels
- Dry dock facilities
- Maintenance of fishing harbour
- Allotment of land to the Port users, maintenance of roads, bridges, Ghats etc.,
- Security coverage

Organizational structure diagram at various levels namely State, Directorate, Region District, block etc.

Visakhapatnam Port Trust has been constituted under the Major Port Trusts Act, 1963. The Board of Trustees for the Port of Visakhapatnam is constituted with representatives of Central Government, State Govt., Chamber of Commerce & Industries, Shipping Interests, Shippers and Importers, Customs, Railways, Defense Services, Labour employed in the Port and other interests.

Corporate objectives

- To fulfill its role in the promotion of International trade, particularly of export trade and of economic and industrial development of the hinterland.
- To anticipate and respond to the economic, trading and technological development and provide the necessary facilities in port and harbour, in time.

- To provide prompt, efficient and safe services on water and on rail wagons and road vehicles.
- To simplify systems, rules and procedures in respect of all port activities leading to optimum utilization of capital, men, material and time.
- To develop human resources with a view to acquire attitudes and skills required to meet managerial, operational, and technological needs.
- To maintain optimum requirements of human and material resources.
- To motivate the employees towards increased productivity through suitable wage, incentive and welfare schemes, designed to give the employees an equitable share in the gains of productivity and fair wages.
- To minimize the pollution of air and water in and around the Port and harbour area.

Welfare Measures

The Port has constructed most modern and integrated sports cum cultural complex with air-conditioned Indoor stadium, air-conditioned auditorium, Open-air theatre and outdoor stadium at a cost of Rs.20 crores. This sports complex is the first of its kind among all Major Ports of the country. Kalyanamandapams and recreation clubs have been provided in all the residential colonies

Medical

A 124 bedded, hospital is functioning in one of the biggest residential colonies of the port to cater to the medical needs of the port employees and their families and other employees from outside organizations connected to the port. The Hospital provides. Diagnostic services like clinical and bio-chemical laboratory, blood bank, radiology with 800 mm and 500 mm X Ray plant, Ultra sound scanner, Tread mill and ECG. round the clock casualty and Ambulance service to meet any emergency and accident cases. Specialist clinics for Medical, surgical, gynaec, ortho, ENT, Ophthalmic, Paediatrics, skin, twin Air Condition Theatres with special equipment to conduct major and minor operations.

Education

Educational facilities are provided to the children of the Port employees and dependents at residential colonies at Salagramapuram and Malkapuram. Merit Scholarships are being awarded to first three rank holders in the schools and colleges. Financial assistance is being extended to the employees and their children for higher education and technical courses like LME, LCE, ICWA etc., A scheme of extending education allowance for the children of Port employees and reimbursement of tuition fees on the pattern of Government of India is being followed at this Port.

Other Welfare measures include

- Quarters to employees with all amenities
- Liberalised house building advances, motor cycle advances, scooter and cycle advances.
- Self financing fund to liquidate the house building advance liabilities in the event of sudden demise of employees while in service.
- Assistance through welfare fund has been enhanced to Rs.25 lakh per annum with a view to render financial assistance for education, awarding of scholarships etc.

Environment Improvement Measures

The Port has taken series of pollution mitigative measures as a Part of ISO 14001 certification. The Port declared its "Environment Management Policy" in 2001 and initiated several measures which include air pollution mitigative measures by planting about three lakh species, water pollution mitigative measures by strict enforcement of code of conduct on ships prohibiting discharge of bilge or ballast water into the harbour basin and noise pollution mitigative measures etc. In order to treat the sewage entering the city into the port waters, 10 MLD sewage treatment plant was constructed. Roads were widened and carpeted for movement of heavy cargo vehicles. An independent monitoring body viz., Pollution Control Monitoring Committee consisting of eminent environment specialists and senior citizens of the city, Port users, Municipal Officials and Naval Officials was constituted. A State of art mechanical dust suppression system at a cost of about Rs. 8 crores was commissioned on 05.06.2002.

Growth plans

Deepening and widening the Inner harbour entrance channel:

This proposal envisages the deepening of Inner harbour entrance channel and turning circle in 3 phases. Under phase-I the entrance channel will be deepened to facilitate navigation of panamax vessels drawing 230 mtrs LOA and 35 mtrs. beam and 11 mtrs draft as against the permissible limits of 195 mtrs. LOA and 32.2 mtrs. and 10.06 mtrs draft. Work is in progress and expected to be completed by May 2006

Phase II of this project envisages deepening of entrance channel to facilitate handling of panamax vessels of 12.5m and phase III envisages deepening of entrance channel and widening of turning circle for handling of 14 mtrs draft at inner harbour berths.

Upgradation of Outer harbour to handle 200000 DWT vessels:

The existing outer harbour can accommodate vessels upto 150,000 DWT. There is a persistent demand from the trade to upgrade the facilities to handle 200,000 DWT vessels.

Accordingly, this project is contemplated which envisages deepening and widening of outer harbour entrance channel & turning circle and iron ore jetty to accommodate iron ore vessels upto 18.1 mtrs draft.

Allotment for development of WQ-6 berth and allotment of WQ-7 berth for captive user (estimated cost Rs.285 crores)

The two berths have been identified for export of Alumina of which one berth was constructed by the Port for which Expression of Interest (EOI) will be invited for installation of mechanized facilities. For the second berth EOI has been invited for construction, equipping, operation and maintenance of mechanized facilities for Alumina exports. RFQ is under issue to the application.

Strengthening and deepening of East quay 5,6 and 7 and WQ.1 to WQ.5:

The three berths EQ.5 to EQ.7 on Eastern side of Northern arm and five berths WQ.1 to WQ.5 on the Western side of northern arm are proposed to be strengthened and deepened to facilitate handling of panamax vessels upto 12.50 mtrs draft as against existing permissible draft of 10.21 mtrs.

Revamping four berths (EQ.1 to EQ.4) in inner harbour:

At present the berths EQ.1 to EQ.4, which were built during 1933-1955 can accommodate vessels upto 10.06 mtrs. Keeping in view the anticipated increase in deployment of panamax vessels for bulk trade, it is proposed revamp these four berths as three berths to accommodate panamax vessels upto 14 mtrs. draft.

Extension of container terminal by 700 mtrs:

The quay length of existing container terminal is 449 mtrs. with a designed capacity to handle 2.5 lakhs TEUs per annum. This terminal with a permissible draft 14.9 mtrs. is the deepest in the country. According to a recent study the container traffic in Asia pacific region is expected to grow in leaps and bounds requiring 430 additional terminals by 2011. Encouraged by this and also keeping in view the locational advantage for attracting additional volume of container cargo, this project to extend the container terminal by 700 mtrs. to have a total quay length of 1150 mtrs is contemplated.

Revamping of OR-1 and OR-2:

Consequent on shifting LPG traffic to outer harbour, from existing OR - II berth it is proposed to dedicate one of these two oil berths exclusively for handling chemicals. It is proposed to revamp the two berths in the inner harbour to cater to 14 mtrs draft tankers for handling POL and Chemical cargo.

Mechanised cargo handling facilities at General –Cum –Bulk Cargo berth (GCB) at outer harbour.

At present the Visakhapatnam Port is handling import of coking coal to the tune of 7 million tonnes per annum. The GCB at outer harbour which can accommodate 100000 DWT vessels is used to handle 4.8 Million Tonnes of cargo. In view of lack of shore handling equipment at the berth coking coal is discharged by using either by shipsgear or by using floating cranes in case of gearless panamax vessels. In view of the above, it is proposed to install mechanized cargo handling facilities for ship to shore discharge by installation of harbour mobile cranes, conveyor system, reclaimers etc. at an estimated cost of Rs.50 crores.

Modernization of iron ore handling complex:

The Iron ore and pellet traffic through this port is poised to increase to 20 million tonnes from the present level of 16 million tonnes. To handle the increased volumes, it is proposed to modernize the facilities of Ore handling complex.

Replacement of six cranes and two tugs:

To sustain and improve the existing productivity levels and also to navigate the anticipated increase in ship calls, six numbers of 10 tonne electric wharf cranes will be replaced by higher capacity electric wharf cranes and two tugs by higher capacity tugs.

Strengthening rail connectivity:

The cargo traffic at this port is predominantly rail borne. For the central India the Port is the natural outlet and hence better connectivity will not only enable the port to attract additional traffic but also enables economic development of service area. This new development of separate interchange yard near Mindi and shifting of mechanical facilities at OEC to a separate yard are planned.

Improvement to road infrastructure:

The other projects contemplated include construction of transit sheds and development of tank farms etc.

CHAPTER-3

POWERS AND DUTIES OF OFFICERS AND EMPLOYEES

ADMINISTRATIVE POWERS –CHAIRMAN / DY.CHAIRMAN / HEADS OF DEPARTMENTS

CHAIRMAN	DY.CHAIRMAN	HEADS OF THE DEPARTMENTS
<ul style="list-style-type: none"> • Head of the organization • Appointing authority for Class –I and Class –II posts of Port. • Chairman of the Board of Visakhapatnam Port Trust and Visakhapatnam Dock Labour Board. • Disciplinary authority for Major Penalties in respect of Class-I and II officers. • Appellate authority in respect of cases where Dy.Chairman acted as Disciplinary/ Competent authority. • Chief Vigilance Officer of the Port. 	<ul style="list-style-type: none"> • Dy. Head of the organization • Disciplinary authority in respect of Class- III & IV employees in the absence of regular HOD. • Also appellate authority for CL. III & IV employees. • Disciplinary authority for Minor penalties in respect of Cl. I & II officers of VPT. • Selecting authority for Cl. II posts of the Port 	<ul style="list-style-type: none"> • Head of the Department and monitors various functions of the department. • Personnel matters of officers and staff of the department. • Acts as appointing and disciplinary authority for class –III and IV.

FINANCIAL POWERS - BOARD / CHAIRMAN / DY.CHAIRMAN

NATURE OF WORK	BOARD	CHAIRMAN / DY.CHAIRMAN
Entering into contract (Plan & non-Plan)	Full powers	Chairman: Rs.5 crores for Plan & Non- plan works. Dy.Chairman: Rs.3 crores for Plan & Non- plan works.
Charge expenditure to capital	Rs.50 crores for new projects and Rs.100 crores for replacement under plan schemes	Chairman: Rs.5 crores for Plan & Non- plan works. Dy.Chairman:Rs.3 crores for Plan & Non- plan works.
Sanction plan works	Full powers	Chairman: Rs.5 crores Dy.Chairman:Rs.3 crores .
Sanction non-plan works	Full powers	Chairman: Rs.2 crores Dy.Chairman: Rs. 1 crore

FINANCIAL POWERS –HODs / DY.HODs

NATURE OF WORK	EXTENT OF POWER
i. To enter into contract (Plan & non-Plan)	CE/CME/CMM :-Rs.50lakhs.CE/CME/CMM
ii. To Charge expenditure to capital (Plan & non-Plan)	:- Rs. 50 lakhs.
iii. To sanction works : - Plan - Non-Plan	CE / CME / CMM :- Rs. 50 lakhs. CE / CME / CMM / DC :- Rs. 15 lakhs.
iv. Vetting of proposals bills / tenders	Full powers to FA&CAO & Rs. 5 –15 lakhs for Sr.Dy.FA&CAO
v. Cheque signing	Upto Rs.10lakhsforFA&CAO/Sr.Dy.FA&CAO More than Rs.10 lakhs –Joint Signatory for FA&CAO along with Sr.Dy.FA&CAO.
Procurement of Medicines	Up to Rs. 2 lakhs for CMO.

DUTIES AND RESPONSIBILITIES

Designation	Duties and Responsibilities
DY. CONSERVATOR	Conservation of port waters, planning and monitoring of : Pilotage, Maintenance dredging, Hydrographic surveys, Fire services, Navigational aids
TRAFFIC MANAGER	<p>Planning and monitoring of cargo handling operations viz. Allotment of berths, Allotment of hooks, Arranging for cargo handling operations including labour engagement, Allotment of transit and storage facilities, Monitoring performance of vessels Arranging for rail movement of cargo to and from the stack yards in co-ordination with the Railways Attending to the inspection of docks, railway yards, Fishing harbour and initiate measures for improving the performance. Appraisal of vesse performance on daily basis to Chairman/Dy.Chairman and resolve any co-ordination issues with relevant departments. Issue of licenses with respect to stevedoring, ship repairing, ship chandelling and license etc.</p>
JOINT DIRECTOR (R&P)	<p>Development of MIS on port operations and formulation of traffic forecast. Formulation of annual plans and five year plans. Preparation of capital budget report and administration report. Formulation of port tariff. Preparation of investment appraisal reports. Organising trade meets. Replies to parliament questions. Preparation of draft MOU, material for PLBS. Preparation of background material and information notes for the visits of parliamentary standing committees, public accounts committee etc. Preparation of notes for port Chairman conference, scope shipping etc. Induction of information technology. Economic studies and Library</p>
